- Pledge : Dan Harley
- Secretary : Gary (Read the Minutes of last meeting)
Motion to Approve by Casey Cook, and Bruce Spitzer
- Treasurer's Report: Larisa (Read Treasurer's Report This Month)
Motion to Approve by Dianna Hampton, and Casey Cook

Meeting Notes

Larisa brought up a question about moving some funds from our checking account to the Money Market. It was decided to move 8 thousand to the market from the checking account. Motion to Approve by Casey, and Bruce.

Dan brought up the purchase of the targets, and the reason for ordering that amount.

Dan will be picking up a new timer for the gate, and will get it working properly.

Gary brought up the Flag fix, and thanked Bruce Spitzer again for his response to our problem.

Tom went over the Website update, and it's looking good, but it's also a work in progress. He is having a meeting with "Green Giraffe", our new vendor, with Marci to iron out some of our different needs.

Gary went over the Meeting with Tyrel from S.D. Fish, Game, and Parks about what the State has planned for our range.

- The State approved of a 400 and 700 yd. Berm.
- We received more gravel for the driveway, and parking lots.
- We talked about the installation of another Vault Toilet by the Handicaped Long Range Shooting bench. The total cost as of now will be ten thousand dollars, and the State will pay $\frac{3}{4}$ of that and the club will pay the remaining $\frac{1}{4}$. Which will be around 2500.00 dollars. The board will decide by next meeting.
- Also discussed was a Shotgun Patterning area, and we decided it would work between the Pistol berm and the 100 Yard Rifle benches. It will be up to the club to remove dirt and design a 35 to 40 yard lane which will be safe from the pistol range and the rifle range. Will discuss more at the next meeting.
- Discussed redesigning the Handicap Long Range Bench to make it more workable for wheelchairs. Also we need to make cement forms to finish building 3 more benches for the long range shed.

Casey brought up drilling holes for 2x2 target frames in the pistol range, and it received a thumbs up. Need to get it done.

Gary went over the "Membership Appreciation Day" event. Handed out a sample Event Flier, and a Timeline Schedule. Asked for ideas, suggestions, or concerns. Updates, and changes will be posted on our website, and Facebook.

Talked about hiring personnel if we can't get certain jobs done. Will continue the subject at the next meeting.

It was brought up that Park Owens was looking into the cost of a Metal Buffalo to install at the 800 yard berm. Will have more information by the next meeting.

Dan brought up buying a small trailer for the club, and he was going to donate it, but the club made a motion to reimburse Dan for the trailer. Motion was approved by Larisa, and Gary. Thank you Dan for lining up this trailer. It will come in handy to help with hauling material down range.

Casey offered some assistance in drilling holes for the pistol range. Will have to be coordinated with Casey.

Gary brought up having the club purchase several tables and chairs for the upcoming events. Will get costs, and get back to the Board members.

Also brought up renting 2 Porta Potties for the event in June. Motion was made by Dan and seconded by Gary. Will provide confirmation by the next meeting.

Casey made a motion to adjourn the meeting..... Gary Second it.

Thanks to all who attended !!!
